**DG** GESSO

Siamo entusiasti di presentarvi la nostra nuova gamma di faretti da incasso in gesso, disponibili in diverse varianti per soddisfare ogni esigenza di illuminazione. La nostra gamma offre soluzioni per l'incasso nel cartongesso, per l'esterno parete e per l'installazione come applique murale. Si tratta di prodotti professionali e completi, dal design elegante e progettati per permettere l'utilizzo di sorgenti sostituibili facilmente individuabili nell'ampia gamma DL.

*We are excited to introduce our new range of recessed plaster spotlights, available in various versions to meet every lighting need. Our range offers solutions for recessing into plasterboard, for wall exteriors, and for wall-mounted installation as an applique. These are professional and comprehensive products, with an elegant design, and designed to allow the use of easily replaceable sources easily identifiable in the wide DL range.*

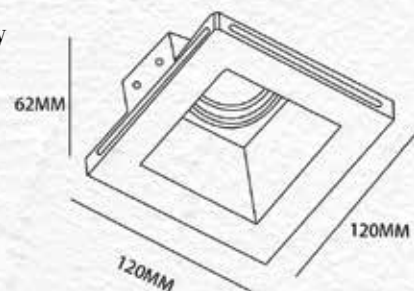

CE   IP20 50/60Hz
